CAPTAIN BISHOP
CALLED DESERTER

SAN FRANCISCO, July 25.—The
second day's trial of Captain Augustus
H. Bishop, First Infantry, was held
before a general court-martial at the
Presidio yesterday. The day developed
some decided changes in the original
charge against Captain Bishop,
who had delivered himself up to the
chief of staff of the Western division
some weeks ago after a three months'
absence without leave. The first
charge made against him was absence
without leave, but yesterday showed
that two charges have been entered
with several specifications. The first
charge is for the violation of the
forty-seventh article of war, desertion,
and the second the violation of the
sixty-second article of war covering
conduct prejudicial to good discipline.
Two specifications are named in the
first charge and nine in the second.
Captain Bishop pleaded not guilty to all.

Yesterday's court proceedings dealt
mainly with the technicalities of de-
positions and interrogations to be sent
on to Honolulu before the case can
proceed with its testimony and this
may take several weeks. Lieutenant-
Colonel Chas. G. Morton is president
of the court.

Captain Bishop has for counsel Cap-
tain Nolan, Ninth Infantry and Lieu-
tenant S. A. Campbell, First Infantry.
Captain John T. Geary, Coast Artil-
lery, is judge advocate.

CREW FIGHTS
BURNING OIL

SAN FRANCISCO, August 1.—One
of the heroic tales of the sea came
here by telegraph tonight in the ac-
count of the desperate fight put up
against overwhelming odds by the
officers and men of the oil steamer
Fakih, which caught fire from her
engine room, and was saved by being
rammed ashore twenty-five miles
south of Point Arena.

The fire was first discovered by a
stoker, who passed the alarm to the
engine room. In a few minutes the
whole crew was engaged in trying to
smother the flames. This proved
hopeless for a time as the decks of
the steamer were dripping with oil,
and the streams of water from the
fire hose but drove the flames into
new places.

In the midst of the fight with the
fire the wireless of the ship broke
down and her captain was unable to
direct the efforts of the ships he had
summoned to his assistance earlier
in the struggle.

While all of the crew were more or
less burned and scorched by the
flames, only three were seriously
hurt. The total damage done by the
flames, which were finally subdued,
will probably amount to but six
thousand dollars.

MONEY FOR ARMY.

WASHINGTON, August 1.—Con-
gress today sent to the President an
emergency bill which provides for the
same appropriations passed in June
to meet the shortage caused by the
lack of the regulation appropriation
measure. The new appropriation
will carry over July and a half month
in August.

At a caucus of the house held Tues-
day a one-battle program was de-
cided upon, and it is regarded as cer-
tain that that measure will be pushed
through if possible.

ANOTHER ALLEGED
ROSENTHAL SLAYER

NEW YORK, August 1.—"Whitey"
Lewis, companion of gamblers, and
said to have been one of the four
men implicated in the murder of
Herman Rosenthal, was arrested in
the Catskill mountains by detectives
from the Central Office today.

"Whitey" was working as a farm hand
in a little out of the way place. The
fact that he was a stranger attracted
attention to him and his police de-
scription did the rest.

According to the police here Lewis
was the companion of "Big Jack"
Selig and "Willie" Shapiro, who drove
the machine which carried the assas-
sins of Rosenthal. He will be brought
here at once.

PROGRESSIVES ADOPT
"BULL MOOSE" EMBLEM

INDIANAPOLIS, Indiana, August 1.—
The Progressive convention which
was held here today formally adopted
the bull moose as the official emblem
of the party in this State, and it will
appear upon the official ballots.

OLD LAWS TO
SUIT NEW CASES

England hardly needs to pass new
laws when it is possible to dig up
an old one to fit almost any con-
tingency. Something of a sensation
was made by the recent conviction
of Tom Mann for sedition and his
punishment under the century-old
statute. Ever more curious was the
sole. Ev. a more curious was the
recent case of Frederick Mutton,
chairman of the Northampton union
temperance committee, who has been
undergoing fourteen days' imprison-
ment for accusing the magistrate of
his town of partiality toward the
drink traffic. A publican had been
arrested for street meeting, and the
magistrates had let him off on the
ground that if convicted he might
justify the protest, which Mr. Mutton
signed and gave to a newspaper. But
the magistrates, in revenge, dug up
an ancient statute which not only
covered speaking evil of magis-
trates but applied to such lawless per-
sons as sleep of days and go abroad
of night, a phrase which naturally
excited meriment when read in
court. It is not impossible that the
case may be brought before Parlia-
ment, especially as English courts
have pronounced against indiscrimi-
nate commitment for contempt of
court. In a somewhat similar case
Lord Morris ruled: "Commitments for
contempt of court by scandalizing
the Court itself have become obso-
lete in this country. The courts are
satisfied to leave to public opinion
attacks or comments derogatory or
scandalous to them."—Evening Post,

BONDS ARE
UNDERWRITTEN

For some days the Star-Bulletin
has been in confidential knowledge
of delay in concluding a contract
with the Honolulu Iron Works by
the San Carlos Milling Co., lately or-
ganized here to operate in the Philip-
pines. As it was published this morn-
ing that "complications had arisen
in the affairs of the company, A. D.
Cooper, promoter of the enterprise,
was asked for information on the
matter. In reply he dictated the fol-
lowing statement:

"As is quite reasonable in the case
of a proposition of the size and na-
ture of the San Carlos central, there
were a good many things that could
be concluded in advance of our ac-
tual readiness to commence work,
and likewise many matters that
could not be settled until the arrival
of our manager on the ground; such,
for instance, as the selection of the
actual site for the mill, and the exact
position of the rights of way for the
railway.

"Mr. Bell, our manager, is at pres-
ent in the Philippines, and is apply-
ing himself diligently to concluding
these latter arrangements, and with
such success that we recently receiv-
ed a message from him stating that
all arrangements had been concluded
for the rights of way for the railroad
except over a strip of land in the
northern part of the district, and
that he had secured the site of our
first choice for the mill. It is con-
veniently located both with reference
to the plantations whose cane the
company will handle and also with
regard to shipping facilities. It cov-
ers some fifty acres and was former-
ly operated as a small plantation.

"The company has received an offer
to underwrite its proposed bond
issue of \$400,000, but I cannot give
you the details until the matter has
been submitted to the stockholders
for their approval. As we shall not
require bond money to carry on the
construction work for some consid-
erable time, no definite arrange-
ments have been made for a stock-
holders' meeting, but I presume it
will be within the next sixty days."

ADVENTURES ON
MOUNT TACOMA

Canyon Found Full of Mosqui-
toes Which Put Climbers
in Fear of Death

TACOMA, Wash., July 18.—J. Jen-
sen of Cedar Falls, Ia., and George
Sunday of Fort Wayne, son of Evan-
gelist Billy Sunday, had an eventful
experience while climbing Mount Tac-
oma yesterday. Sunday became very
ill before reaching the top, which is
14,500 feet above sea level, but was re-
vived and enabled to complete the
climb. Jensen, who had seemed to
endure the hardships well, felt uncon-
scious on the rim of the volcano's crater
and did not regain his senses for
several minutes.

E. A. Fredericks, W. N. Herbert and
C. A. Glidden returned to Tacoma af-
ter several desperate adventures in
climbing Mount Tacoma from the
northside, a difficult and but little-used
route. The men found themselves at
the bottom of a 1600-foot canyon,
climbing out of which required twenty-
four hours to make the first 1300
feet. They found the canyon filled
with mosquitoes as thick as vapor and
were put in fear of their lives because
of the assault of the insects. The last
two days of the journey the men were
without food.

Children when teething are liable to
attacks of diarrhoea and this trouble,
especially in warm weather, should
never be neglected. The best medi-
